

Dear Colleague:

Thank you for your interest in joining the International Society for River Science (ISRS). After you have read the description of our policies on membership and dues, please send your contact information to us (described below) and make your payment to the society in one of the ways described below.

Membership Information:

Please send an email to the Treasurer and Secretary of the Society (Prof. Michael D. Delong at mdelong@winona.edu) with the following information:

- Your name as you wish it to appear on the membership roles;
- Professional affiliation (university, agency, NGO, etc.);
- Postal mailing address (usually professional address but could be home address too);
- Email address and telephone number (the last is optional);

Payment Options:

1. If you pay at the biennial meeting, you can do so in cash or by check. The former should be in U.S. currency because the bank charges us a high fee to convert from other currencies.
2. If you pay through our website please access the memberships page on the site and follow the instructions.
